DARK HORSE MACHINERY

DHM EXPORT · MIAMI, FLORIDA

PAYMENT METHODS

Two ways to pay. Full payment before the machine is released.

BANK WIRE (USD)

A wire transfer in US dollars, for the exact amount on your invoice.

USDC

USDC is a stablecoin pegged to the US dollar. We start with a small test payment.

HOW PAYMENT WORKS

1. **Quote in USD.** You get a written quote in US dollars.
2. **Invoice with the exact amount.** Your invoice shows the exact amount and the payment method.
3. **Confirm the details with Gustavo.** Before you send anything, confirm the payment details with Gustavo by phone or text at 786-946-9696.
4. **USDC: small test payment first.** If you pay in USDC, send a small test payment. Once we confirm it arrived, send the rest.
5. **Full payment before release.** The machine, and the bill of lading for export, are released only after full payment is received.
6. **Receipt.** You get a receipt for your payment.

STAY SAFE

Always confirm payment details with Gustavo by phone or text at 786-946-9696. Never pay to details sent from any other address.

We do not publish bank numbers or wallet addresses online. You get them directly from Gustavo.
